

GOD'S HIGHWAY

HAPPY NEW YEAR - HELLO

Randal & Lisa Tebeau

Happy New Year!!! The beginning of a New Year marks the time when many people make plans for some changes in their lives. People come up with all kinds of resolutions to do some things different during this New Year. These changes usually involve things that we want to make better or improve in our lives, things like losing some weight and exercising more, eating healthier and taking better care of yourself, paying off some debts or not using credit cards, spending more time with those you love, maybe even getting a new bike or fixing up the old one. These are just a few that come to mind, I'm sure there are others that you might think of or have already laid claim to or made some resolution to change.

No doubt about it, the New Year has the honored distinction of being the time of making a change.

This year marks a change in that Gary has stepped away from writing and sending in this article and now I have the privilege of doing that each month. With this change happening at the beginning of a New Year, some of you may be thinking or have images of "out with the old, in with the new". Let me assure you that even though Gary may look very much like the poster child for the "old year" with his gray hair and beard he is not the "old man" being put out to pasture. Gary is still very involved in ministry and we wish him all the best and we know that he will do a wonderful job in this new calling and assignment. As for me, even though I may be the new kid on the block, I don't really picture myself as a cute little chubby baby in a diaper. Okay, I'll have to give it to you; maybe I do possess at least one of these characteristics, but before this goes too much farther downhill let me get back on track.

Please allow me to share a little personal information with you to introduce myself. My name is Randal Tebeau, my wife is Lisa and we live in Georgia. We've been married for 22 years and have been members of CMA for over 14 years. During this time in CMA we have served in various areas and positions in our local chapter as well as in state leadership in Georgia. In January 2007 we joined the CMA National staff where I now serve as

the National Evangelist over the SE Region. Our main focus and purpose is to share the love of Jesus and also help our CMA members and chapters minister and share Jesus within the motorcycling community. Lisa and I both are excited about the opportunities ahead and we look forward to meeting and getting to know many of you in the future.

So, now that you know a little about me, I have a few questions just for you. Do you have any special plans for this New Year? Are there any changes that you need or would like to make? Have you made any resolutions to make these changes? Lastly, do you plan on making the commitment to see them through? Over the years I've made quite a few resolutions and I've broken about as many as I've made. There is one change that has made all the difference in my life and this change will make all the difference in yours. The change I'm talking about is asking Jesus Christ to come into your life. If you've been searching or hoping for that big something to change your life, Jesus is the answer. This New Year would be a great time for a new start by inviting Jesus to come in and change your life into all that God created it to be. Choosing God's Highway is the best road you can take. May each of you have a Happy New Year!!
